ACCOUNTABILITY OF FUNDS	<p>Funds would support the following strategies:</p> <p>1.2 – Maintain accessibility and affordability of higher education for South Carolina citizens.</p> <p>1.3 - Provide responsible and flexible access to education, training, and retraining through distance learning technology.</p> <p>1.4 - Provide responsible and flexible access to education and training through dual enrollment opportunities.</p> <p>6.1 - Ensure instruction programs performance goals are met by the colleges through use of performance funding model.</p>
--------------------------------	--

What specific strategy, as outlined in the most recent Strategic Planning and Performance Measurement template of agency's accountability report, does this funding request support? How would this request advance that strategy? How would the use of these funds be evaluated?

	The additional funding will be allocated to the sixteen (16) technical colleges in an

RECIPIENTS OF FUNDS

equitable manner using the existing allocation model with a set percentage maintained at System Office for funding of statewide initiatives and administration. The additional funding will help ensure a quality technical college education remains accessible, affordable, and relevant.

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

JUSTIFICATION OF REQUEST

The System’s recurring funding request is designed to enhance the System and its 16 colleges’ ability to meet workforce demand effectively.

Operating costs: FY2022 operating costs for our colleges were \$687M. Funds used to offset these costs come from various sources, including state appropriations, student tuition and fees, grants, local appropriations, and auxiliary enterprises. HEPI – Higher Education Price Indicator – is anticipated to be 3.1% representing a \$21.3M increase in expenses.

The development of new and expanding high-demand workforce programs: Across our System, there are several high-demand workforce programs that need to be expanded or created to meet business and industry demand, including:

Automotive Technology	Electrical Engineering/Robotics	Nursing & Allied Health
Biomedical Device Technology	Electric Vehicle Technology	Outboard Marine Tech
Commercial Truck Driving	Emergency Medical Tech	Physical Therapy
Construction Trades	HVAC	Plastic Mold Injection
Cybersecurity	Industrial Electrical Tech	Surgical Technology
Dental Hygiene Technology	Information Technology	Utility Line Technology
Diesel and Heavy Diesel	Mechatronics	Welding

The cost to expand and/or create the necessary programs in demand at each of our 16 colleges would be \$34.7M.

How we calculated our recurring funding request: State appropriations represent approximately 30% of our colleges’ revenue. Our recurring funding request reflects this trend by asking that 30% of our anticipated overall costs for the above (\$16.8M), along with the \$3.2M carry forward from last year’s request, be funded through state appropriations.

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

JUSTIFICATION OF REQUEST

In terms of the agency wide vacancy rate, this number typically includes the 16 colleges. However, the State Board for Technical and Comprehensive Education (System Office) is 100% state funded, with the exception of a few federally funded FTE associated with Grants. The 16 Colleges have state, federal and other funded FTE. The vast majority of the vacancies throughout the system are assigned to colleges and are 100% Other funded FTE. The System Office also maintains a pool of "other funded" FTE for college use. Our request is for 15 unfunded State FTE for the SBTCE (System Office.)

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

--------------------------------	--

What specific strategy, as outlined in the most recent Strategic Planning and Performance Measurement template of agency's accountability report, does this funding request support? How would this request advance that strategy? How would the use of these funds be evaluated?

RECIPIENTS OF FUNDS	Funds will be used to provide grants to South Carolina residents enrolled in career education programs based on eligibility criteria detailed in SC Code Section 59-150-365.
----------------------------	--

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

**JUSTIFICATION
OF REQUEST**

South Carolina's technical colleges prepare students for in demand, high paying jobs good jobs with great futures, good wages, and opportunities for advancement in any climate. Our state currently has thousands of jobs available in critical employment areas, with many more to follow as we adapt and pivot to address new needs.

Renewed funding of the SCWINS Program will enable us to continue providing aid to thousands of students who enrolled in high demand job skills programs, enabling these students to then fill critical gaps in our workforce.

The fiscal year 2023-2024 appropriated amount for SCWINS was \$93.7 million, so we are requesting continued support for this critical program.

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

ACCOUNTABILITY OF FUNDS	The Lottery Tuition Assistance Program directly supports the Technical College System's strategy of maintaining accessibility and affordability of higher education for South Carolina's citizens (Strategy 1.2).
--------------------------------	---

What specific strategy, as outlined in the most recent Strategic Planning and Performance Measurement template of agency's accountability report, does this funding request support? How would this request advance that strategy? How would the use of these funds be evaluated?

RECIPIENTS OF FUNDS	Funding will be used to provide tuition assistance to eligible students.
----------------------------	--

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

**JUSTIFICATION
OF REQUEST**

The lottery tuition assistance appropriation for fiscal years 2022-2023 and 2023-2024 was \$51.1 million in each fiscal year, so we are asking that the amount remain stable for the upcoming fiscal year. The Lottery Tuition Assistance (LTA) Program benefits eligible students at technical colleges (approximately 92% of funding) as well as other two year institutions (approximately 8% of funding), and at the current funding level, allows for awards of \$80 per credit hour to eligible students. From smaller class sizes and campuses to the flexibility provided by a variety of learning options, technical colleges offer not only a quality education at an affordable price but a safe and stable alternative for those considering their college options in these unprecedented times. Technical colleges deliver quality, relevant instruction at an affordable cost helping to keep education moving forward without adding burden to the financial strain many families are feeling.

Because of programs like Lottery Tuition Assistance, our students leave with little or no debt. South Carolina's technical colleges provide one of the state's most affordable college options.

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

RECIPIENTS OF FUNDS	<p>Equipment would be purchased from vendors, but the ultimate beneficiaries would be the students trained on the equipment, as well as businesses and other entities that hire the better trained employees.</p>
----------------------------	---

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

**JUSTIFICATION
OF REQUEST**

The Technical College System's 91% placement rate makes it essential that equipment and labs reflect the workplace where our students will eventually go to work. Our colleges need the right tools and technologies to help students successfully access learning, flourish on their educational journeys and enjoy productive careers and lives in South Carolina. High skill, high demand jobs often require high cost equipment to ensure what students encounter in the training lab accurately reflects what they will encounter on the job. Additional equipment funding effectively positions the technical colleges to meet the demands of business and industry in these high demand STEM, manufacturing and healthcare fields. Funds will be used to upfit and expand labs with the latest equipment for programs such as mechatronics, machine tool technology, welding, health sciences and automotive technologies. The request represents the colleges' critical capital equipment needs for the coming year.

This nonrecurring request does not increase the need for recurring funds.

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

**JUSTIFICATION
OF REQUEST**

The Technical College System's readySC program was established as an economic development training incentive designed to guarantee South Carolina could remain competitive through changing economic circumstances. It remains a key component of South Carolina's development engine and has been recognized for more than 50 years as one of the nation's premier programs of its kind. This award winning program offers coordinated workforce training in partnership with the State's sixteen (16) Technical Colleges and helps provide well trained employees to companies investing in South Carolina. readySC focuses on the recruiting and initial training needs of new and expanding organizations in South Carolina by providing recruiting, assessment, training development, management, and implementation services to qualifying organizations creating new, permanent, fulltime jobs for the state that offer competitive wages and benefits.

Funding for readySC allows the program to fulfill its commitments to its partner companies, commitments that were initiated in the prospect phase and more comprehensively defined in the project development phase. If these funds were not received, the impact to partner companies, the citizens of SC, and the reputation of the State of South Carolina would be considerable.

This nonrecurring appropriation does not create a need for recurring funds.

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

TITLE	Individual College Initiatives
--------------	--------------------------------

Provide a brief, descriptive title for this request.

AMOUNT	\$424,567,060
---------------	---------------

How much is requested for this project in FY 2024-2025? This amount should correspond to the total for all funding sources on the Executive Summary.

CPIP PRIORITY	<p>Projects listed are for all technical colleges and are included on each college's CPIP for Plan Years 2024 - 2028, as Plan Year 2 (FY2025) projects. Note that all 16 colleges have FY2025 proposed projects for which the college is requesting state funding. Individual College Initiative Worksheets submitted via email to the EBO include project descriptions and other details. Some colleges include proposed matches, but many are primarily or entirely dependent upon approved state funding.</p>
----------------------	--

Identify the project's CPIP plan year and priority number, along with the first year in which the project was included in the agency's CPIP. If not included in the agency's CPIP, please provide an explanation. If the project involves a request for appropriated state funding, briefly describe the agency's contingency plan in the event that state funding is not made available in the amount requested.

OTHER APPROVALS	<p>The Individual Capital Facilities Requests have been or will be approved by each college, the Presidents' Council, and the State Board. If this request is honored, any capital projects will flow through CHE, JBRC, and SFFA if needed.</p>
------------------------	--

What approvals have already been obtained? Are there additional approvals that must be secured in order for the project to succeed? (Institutional board, JBRC, SFAA, etc.)

LONG-TERM PLANNING AND SUSTAINABILITY	<p>Each college determines its capital facilities needs based on an assessment of requirements necessary to meet the educational and training needs on its campuses. The colleges are continually planning in response to the business and industry needs in their service areas. As part of this evaluation, each college has determined the fiscal requirements related to each proposed project.</p>
--	---

What other funds have already been invested in this project (source/type, amount, timeframe)? Will other capital and/or operating funds for this project be requested in the future? If so, how much, and in which fiscal years? Has a source for those funds been identified/secured? What is the agency's expectation with regard to additional annual costs or savings associated with this capital improvement? What source of funds will be impacted by those costs or savings? What is the expected useful life of the capital improvement?

	<p>The Individual College Initiatives represent capital facilities requests for all sixteen colleges. The Capital Facilities needs gives South Carolinians the facilities necessary to successfully prepare for future workforce needs and includes projects that have been carefully considered, properly vetted, and approved by our colleges and the State Board.</p> <p>The projects are included, and have been prioritized, on the CPIP for each technical college. Details for the individual college initiatives are found in a separately attached document (sent via email to the EBO).</p>

FORM E – AGENCY COST SAVINGS AND GENERAL FUND REDUCTION CONTINGENCY PLAN

TITLE	Agency Cost Saving and General Fund Contingency Plan
--------------	--

AMOUNT	\$6,469,234
---------------	-------------

What is the General Fund 3% reduction amount? This amount should correspond to the reduction spreadsheet prepared by EBO.

ASSOCIATED FTE REDUCTIONS	Potential reductions for the SBTCE would be around 94 FTEs, an estimated 85 at the colleges and 9 at System Office.
----------------------------------	---

How many FTEs would be reduced in association with this General Fund reduction?

PROGRAM / ACTIVITY IMPACT	A vast majority of our general funds are used to fund a portion of the faculty and administrative salaries and fringe benefits; therefore, the ability of all colleges and System Office to fill vacant positions would be affected and a reduction could potentially result in furloughs and/or losses of faculty positions. At many of our smaller colleges, some programs have only one to two faculty members, so a reduction in positions could result in ending a program or programs.
----------------------------------	--

What programs or activities are supported by the General Funds identified?

SUMMARY	Our agency divided the total of the 3% reduction into two parts. 90.45% of our total budget each year is distributed to the colleges and 9.55% of our total budget each year is distributed to the System Office. We then split the total reduction by 90.45% (\$5,851,422) for the colleges and 9% for the System Office (\$617,812) and calculated the number of potential impacted FTEs based on an average salary of \$50K plus 38% fringe.
----------------	---

Please provide a detailed summary of service delivery impact caused by a reduction in General Fund Appropriations and provide the method of calculation for anticipated reductions. Agencies should prioritize reduction in expenditures that have the least significant impact on service delivery.

**AGENCY COST
SAVINGS PLANS**

Our 16 technical colleges are constantly reviewing academic and continuing education programs to assess viability and effectiveness. Programs that are deemed no longer needed are discontinued.

What measures does the agency plan to implement to reduce its costs and operating expenses by more than \$50,000? Provide a summary of the measures taken and the estimated amount of savings. How does the agency plan to repurpose the savings?

FORM F – REDUCING COST AND BURDEN TO BUSINESSES AND CITIZENS

TITLE	SCWINS Program
--------------	----------------

Provide a brief, descriptive title for this request.

EXPECTED SAVINGS TO BUSINESSES AND CITIZENS	Our requested funding for the SCWINS program would allow SBTCE to continue offering citizens majoring in high demand areas the opportunity to receive training in these areas at little to no cost to the students. The long term benefits include a better trained workforce made up of individuals who were provided the opportunity to complete their technical education quickly and with no debt.
--	--

What is the expected savings to South Carolina's businesses and citizens that is generated by this proposal? The savings could be related to time or money.

FACTORS ASSOCIATED WITH THE REQUEST	<p>Mark "X" for all that apply:</p> <table border="1"> <tr> <td><input type="checkbox"/></td> <td>Repeal or revision of regulations.</td> </tr> <tr> <td><input type="checkbox"/></td> <td>Reduction of agency fees or fines to businesses or citizens.</td> </tr> <tr> <td><input type="checkbox"/></td> <td>Greater efficiency in agency services or reduction in compliance burden.</td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td>Other</td> </tr> </table>	<input type="checkbox"/>	Repeal or revision of regulations.	<input type="checkbox"/>	Reduction of agency fees or fines to businesses or citizens.	<input type="checkbox"/>	Greater efficiency in agency services or reduction in compliance burden.	<input checked="" type="checkbox"/>	Other

METHOD OF CALCULATION	The requested appropriation of \$95 million would likely benefit approximately 38,000 students (assuming an average award of \$2,500 per student).
------------------------------	--

Describe the method of calculation for determining the expected cost or time savings to businesses or citizens.

REDUCTION OF FEES OR FINES	Eligible students would pay less out of pocket for tuition and other eligible higher education related costs.
-----------------------------------	---

Which fees or fines does the agency intend to reduce? What was the fine or fee revenue for the previous fiscal year? What was the associated program expenditure for the previous fiscal year? What is the enabling authority for the issuance of the fee or fine?

REDUCTION OF REGULATION	N/A
--------------------------------	-----

Which regulations does the agency intend to amend or delete? What is the enabling authority for the regulation?

SUMMARY	Eligible students benefit through increased access to affordable, quality education, while the State of South Carolina benefits from a better trained workforce.
----------------	--

Provide an explanation of the proposal and its positive results on businesses or citizens. How will the request affect agency operations?
