**AGENCY COST
SAVINGS PLANS**

Since employee salaries and employer benefit costs represent approximately 86% of the State Inspector General's total budget, the only practical way to achieve a cost reduction of \$57,397 or greater is to reduce employee hours or eliminate positions, as was shown to achieve the 3% reduction. No measures have been taken to date.

What measures does the agency plan to implement to reduce its costs and operating expenses by more than \$50,000? Provide a summary of the measures taken and the estimated amount of savings. How does the agency plan to repurpose the savings?
