----------------------	--------------------

FUNDS

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

JUSTIFICATION OF REQUEST

\$836,338 allows The Citadel to freeze tuition for the in-state Corps of Cadets rather than increase tuition by the standard inflation factor of 3.7%, which is the most recent HEPI forecast provided by the Commonfund Institute (as of June 2025).

This tuition mitigation request is calculated by taking an expected enrollment of 1,720 in-state cadets and multiplying it by the current in-state tuition of \$13,140 for a base revenue of \$22.60M. If we took the same enrollment numbers and increased tuition by 3.7% (HEPI) we would have revenue of \$23.44M. Our recurring ask of \$836,338 is the difference between the two.

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

**JUSTIFICATION OF
REQUEST**

Traditionally, the state provides 20% of any mandated COLA as supplemental appropriation to The Citadel. This, however, leaves The Citadel responsible for the other 80%.

We have assumed a 2% mandated COLA to calculate our request, using the projected labor costs in FY27.

\$1,155,576 would allow the Citadel to implement a COLA in keeping with projected state mandates.

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

FUNDS

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

JUSTIFICATION OF REQUEST

Changes in Department of Defense ROTC scholarship allocations over the past 5 years have reduced the percentage of tuition covered for many cadets, creating increased financial barriers for students pursuing military service through The Citadel. While The Citadel's alumni have worked diligently to help offset these funding gaps through donations, additional support is still needed. Consistent with The Citadel's mission to develop principled leaders and prepare graduates for service to our country and state – including Active Duty, the National Guard, and the Reserves – The Citadel respectfully requests this support. This investment would help close the remaining shortfall for the in-state ROTC population, strengthen recruitment and retention of South Carolina residents, and advance the State's priorities by expanding pathways to commissioned service and workforce-ready leadership.

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

JUSTIFICATION OF REQUEST

Staying on top of the maintenance needs of our 100+ year old campus, located on the coast, is an ongoing endeavor. 53% of our buildings are more than 60 years old and require the type of intensive maintenance which has been affected by recent inflationary cost increases.

In FY27 we are asking for the balance of our request from FY26 (which was \$2.1M, \$315K of which was appropriated) to cover the needs described last year, including:

- Keeping up with yearly servicing of mechanical systems, life safety and fire protection systems, roof systems, window replacement, general carpet refurbishing and painting.
- Mitigating the substantial inflationary increases in such areas as janitorial services contracts, solid waste disposal contracts and general utility bills.
- Retaining skilled trade labor

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

JUSTIFICATION OF REQUEST

The Citadel is asking for funding to hire two AI faculty members to offer a major in AI.

The White House has called on senior military colleges to become educational hubs for AI—teaching not only technical skills but also the critical literacies that allow graduates to lead responsibly in an AI-powered world. The Citadel is answering that call by starting a major in AI.

Our new AI faculty will prepare graduates to lead in defense AI applications—autonomous systems, cybersecurity, and intelligence analysis—directly supporting South Carolina's billion-dollar defense economy.

The Citadel produces graduates with proven leadership, ethical grounding, and mission focus—exactly what's needed for responsible AI development.

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

RECIPIENTS OF FUNDS

The Citadel (H090) acts as a pass through entity (administered by the Director of Financial Aid).

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

JUSTIFICATION OF REQUEST

This request is cost neutral for the state; no state funding is requested. This authorization increase will ensure the college is able to serve as a pass-through entity for any student using federal financial aid. This increase is based on the recently projected HEPI increase of 3.7% (June 2025, Commonfund Institute).

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

LONG-TERM PLANNING AND SUSTAINABILITY	<p>Duckett Hall was constructed in 1969 (56 years old) and is approximately 23,900 square feet. The building houses the biology department, classrooms, laboratories, a small auditorium, and faculty & staff offices. This project would encompass an interior renovation and reprogramming/reutilization of the spaces within the building. Scope includes reallocation of spaces for better classroom and office utilization, upgraded laboratory spaces, updated interior finishes, and upgraded electrical, lighting & HVAC systems. Most of this building remains in its original 1969 condition. The original HVAC systems are still being used and are in poor condition with antiquated controls beyond repair. The deteriorated condition of the existing HVAC system negatively affects interior air quality for students and faculty. System failures of the HVAC would preclude the use of the building. Accordingly, the labs are outdated, and the classrooms are not set up to accommodate modern teaching techniques. The electrical system is at maximum capacity and needs to be expanded while the existing lighting needs to be replaced with LED's.</p>

FORM E – AGENCY COST SAVINGS AND GENERAL FUND REDUCTION CONTINGENCY PLAN

TITLE	Agency Cost Savings and General Fund Contingency Plan
--------------	---

AMOUNT	\$923,586
---------------	-----------

What is the General Fund 3% reduction amount? This amount should correspond to the reduction spreadsheet prepared by EBO.

ASSOCIATED FTE REDUCTIONS	The Citadel is prioritizing hiring freezes rather than a reduction in force.
----------------------------------	--

How many FTEs would be reduced in association with this General Fund reduction?

PROGRAM / ACTIVITY IMPACT	All Citadel E&G programs would be impacted by a 3% across the board reduction.
----------------------------------	--

What programs or activities are supported by the General Funds identified?

SUMMARY	<p>Over the past 5 years The Citadel has gone through multiple rounds of expense efficiency and optimization projects, significantly reducing its cost structure.</p> <p>The Citadel feels confident it has yielded most of the savings possible without reducing programs or capability.</p> <p>If required to implement reductions, The Citadel would have to make cuts to operating budgets. This would result in reduced funding for:</p> <ul style="list-style-type: none"> • Student travel programs • Undergraduate research • Leadership development • Civic engagement • Experiential and service learning • Faculty and staff professional development
----------------	--

Please provide a detailed summary of service delivery impact caused by a reduction in General Fund Appropriations and provide the method of calculation for anticipated reductions. Agencies should prioritize reduction in expenditures that have the least significant impact on service delivery.

AGENCY COST SAVINGS PLANS

Over the past 5 years The Citadel has gone through multiple rounds of expense efficiency and optimization projects, significantly reducing its cost structure. In FY22 it engaged in a labor efficiency study and reduced headcount by 5%. In FY23 it continued the labor efficiency process and reduced headcount a further 2.5%. It also implemented an E&G wide cut to the portions of operating budgets not considered "must pays", cutting budgets by 20%. The only substantial increases were for such required items as contractual increases. The Citadel did not significantly increase budgets in FY26, except where contractually obligated, and continues to review ways to tighten the budget where possible, however, The Citadel feels confident it has yielded most of the savings possible without reducing programs or capability.

What measures does the agency plan to implement to reduce its costs and operating expenses by more than \$50,000? Provide a summary of the measures taken and the estimated amount of savings. How does the agency plan to repurpose the savings?

FORM F – REDUCING COST AND BURDEN TO BUSINESSES AND CITIZENS

TITLE	Reducing Cost and Burden to Businesses and Citizens
--------------	---

Provide a brief, descriptive title for this request.

EXPECTED SAVINGS TO BUSINESSES AND CITIZENS	\$836,338 based on tuition mitigation request (tuition not paid by students and families).
--	--

What is the expected savings to South Carolina's businesses and citizens that is generated by this proposal? The savings could be related to time or money.

FACTORS ASSOCIATED WITH THE REQUEST	<p>Mark "X" for all that apply:</p> <table border="1"> <tr> <td><input type="checkbox"/></td> <td>Repeal or revision of regulations.</td> </tr> <tr> <td><input type="checkbox"/></td> <td>Reduction of agency fees or fines to businesses or citizens.</td> </tr> <tr> <td><input type="checkbox"/></td> <td>Greater efficiency in agency services or reduction in compliance burden.</td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td>Other</td> </tr> </table>	<input type="checkbox"/>	Repeal or revision of regulations.	<input type="checkbox"/>	Reduction of agency fees or fines to businesses or citizens.	<input type="checkbox"/>	Greater efficiency in agency services or reduction in compliance burden.	<input checked="" type="checkbox"/>	Other

METHOD OF CALCULATION	<p>\$836,338 allows The Citadel to freeze tuition for the in-state Corps of Cadets rather than increase tuition by the standard inflation factor of 3.7%, which is the most recent HEPI forecast provided by the Commonfund Institute (as of June 2025).</p> <p>This tuition mitigation request is calculated by taking an expected enrollment of 1,720 in-state cadets and multiplying it by the current in-state tuition of \$13,140 for a base revenue of \$22.60M. If we took the same enrollment numbers and increased tuition by 3.7% (HEPI) we would have revenue of \$23.44M. Our recurring ask of \$836,338 is the difference between the two.</p>
------------------------------	---

Describe the method of calculation for determining the expected cost or time savings to businesses or citizens.

REDUCTION OF FEES OR FINES	The Citadel hopes to keep instate tuition flat for FY27, as it has since FY20.
-----------------------------------	--

Which fees or fines does the agency intend to reduce? What was the fine or fee revenue for the previous fiscal year? What was the associated program expenditure for the previous fiscal year? What is the enabling authority for the issuance of the fee or fine?

REDUCTION OF REGULATION	N/A
--------------------------------	-----

Which regulations does the agency intend to amend or delete? What is the enabling authority for the regulation?

	<p>This mitigation request will allow more students to be able to take advantage of a Citadel education by reducing the cost burden. It also benefits our community by providing a strong, educated workforce. It allows The Citadel to:</p> <p>1. Control costs for South Carolina families by keeping tuition and fees below HEPI. Note that the Citadel has successfully frozen instate tuition for the past five years:</p> <p>FY25FY26: 0.0%</p> <p>FY24FY25: 0.0%</p> <p>FY23FY24: 0.0%</p>

2. Have the community take advantage of our excellent 4, 5 and 6 year graduation rates, which means our students save money in tuition and enter the workforce sooner.

3. Prepare a ready workforce for the Lowcountry, the state, and beyond. We have high placement rates near graduation meaning that students begin earning and contributing to the economy soon after graduation. The Citadel is especially successful in placing students at companies in South Carolina and the Lowcountry (for example Boeing, Davis and Floyd, Duke Energy, Mercedes Benz, Dewberry, Santee Cooper, SAIC, SPAWAR, SCE&G, Google, Cummins, Texas Instrument, and Gulfstream).

Provide an explanation of the proposal and its positive results on businesses or citizens. How will the request affect agency operations?
